STUDENT LETTER EXCERPT

My name is Anna. My parents and I have a house, bit outside of the town. We have a beautiful garden and when it's summer we do a barbeque or in the winter months we make a little campfire together. To my mum I have a close relationship and we can talk about problems like school, friends or boys. My dad and I have a humorous and talkative relationship. I also have an older brother, who is a cook. My favorite subjects in school are art, english, music and sport. In my freetime I love to play my accordion and to study new songs. On the weekends I also go running with my mum and meet my friends. Often we go shopping, in the cinema or do sleepovers. Sometimes, when school is over I lay in my bed, listen to songs and read books. Apart from keeping my room clean, I help to clean the kitchen, hang up the laundry or to work in the garden.

PARENT LETTER EXCERPT

Our daughter Anna makes us laugh everyday. She isn't a early bird type. Her morning starts every day with a lot of music. Since nine years Anna plays the accordion in a music school and she is firmly integrated in this community. Anna can unfold herself in the theater group at school, in which she has the ability to play different characters. Our daughter is a cute and open minded girl who doesn't ignore any problems, but sometimes you have to show her the right direction of the way. Anna wants to learn something about your culture in her exchange year in the USA and get to know your people, to get better English-knowledges. And of course to talk without problems in this language. We wish for her to collect memories and experiences she will never forget.
