STUDENT LETTER EXCERPT

My name is Deniz, it's a Turkish name and it means "Ocean". I live with my family in a big city in the West of Germany. We have a garden with a cage for our ten quails. I'm honest, we're proud of the eggs that we get every day. They're much tastier than those who you can buy in the market near to us, that means 5 minutes walking distance. My school is nearly five miles away and I need up to forty minutes with different busses and trains there. I like school, because there are some interesting subjects like Biology or Chemistry and I also meet all of my friends there. My friends and I often arrange for activities after school and homework. I also love to do activities with my family- like hiking and searching for mushrooms in the forest. On vacation we also tried archery. I like action and adventures, but sometimes I want calm.

PARENT LETTER EXCERPT

First, we both want to thank you that you give our daughter the chance to make this exchange. Deniz is a very disciplined and tidy person and she's supposed to tidy up her room and sometimes clean parts of the house or to care for the animals, just like her sisters. She sometimes likes to try cooking and surprises us with her ideas. She's also a great bookworm, enjoys to go for different activities like for example ice skating, swimming, climbing or jogging with the dog and at least my husband and her go fishing together often. She also plays flute very well and loves music. She's a good student and never had problems, her favourite subjects are German, English and Biochemistry. She likes spending time with her family and She's a little daydreamer, so sometimes we got to rouse her.
